(Activities at the Ceylon Retreat through June 15, 1952)

The Magnetic Power of each Retreat does not go into action until the very instant the preceding Retreat completes its outgoing rhythm lest, at inner levels, the souls be swept into the current of the new Retreat before the Retreat of the month has given the maximum of Its blessing to Life. There is an exact moment when the magnetic currents begin to draw the souls of men, and an exact moment when that connection is severed in favor of the next outpouring.

The intensity of the Flame and Powers focused through each Retreat is increased by each member of the ascended or unascended mankind who voluntarily or unconsciously join the Conclave. The periphery of the Sphere of Influence to which the benefits and gifts of the Retreat may reach is, in like manner, determined by the intensity of the Flame drawn and focused by such participating lifestreams.

Because of the free will of man, We cannot be sure, beforehand, of how many will attend, or how far the benediction will reach, or with what potency or power. It is, therefore, always gratifying to have the response exceed our hope because the greater blessing is derived for all peoples.

Can you imagine, for a moment, the delight of

the Hierarch of the Retreat when the magnetic currents set up, which represent His Gift to Life, begin to draw in on the Rays so many thousands and thousands of Torches for that Flame? This was My experience; and although the Brotherhood was pressed to exert every available ounce of energy, and although the harvesters were not nearly enough to fulfill the demands, yet by this experience are We gratified, for We will be better prepared at each successive Council by calling more volunteer Teachers from Inner Levels to 'feed the sheep'.

****

Mankind, in contemplating the activities of the Godhead through His Representatives, so often makes the blessings and the gifts of the Masters abstract and ephemeral. Yet, the most mundane activities in which the personal self is engaged, when constructive, come under the direction of the Chohans of the Seven Rays; and all the channels which contribute to the Comfort of Life, to the well-being of peoples, are under the direct supervision of the Third Person of the Holy Trinity, and Myself as His Representative in the world of mankind. The magnetic pull of a complementary vibration drew great numbers of these people to the Ceylon Conference, not only conscious students, chelas, and spiritually-minded individuals, but those from among the masses who have voluntarily chosen to hold the Office of Comforter to groups of people through the medical profession, the religious orders, the educational channels, the world of art, literature and music, and specifically the world of science and invention which contributes no small part to the comfort of the people of Earth

and the Nature Kingdom - witness mattresses, easy chairs, automobiles, vacuum cleaners, and so forth.

My Seven Sons (the Chohans of the Seven Rays) have been delighted with the attendance and engaged in the tremendous task of receiving all individuals who work under any of the ramifications of Their particular Rays, endeavoring to raise such potential server to his highest possible manifestation of good in his capacity to serve life.

This Council will have a marked effect in the forward movement of constructive energies through inventive endeavors, mechanical perfection, architecture, etc., as well as forward the impulses for a much higher type of music, drama, and literary perfection, which shows you some of the possibilities and promise that come within the scope of the Masters' beneficent Powers when the Flame in any Retreat is intensified and fed by focusing Cosmic and world energies and attention into it at a given time.

The Master Morya was specifically engaged in receiving and instructing the inner consciou ness of the statesmen and practically inclined individuals whose constructive desires and interests drew them (consciously or unconsciously) to the Conclave.

The Master Kuthumi has been expending every effort, together with His body of chelas, in receiving and offering intensive training to the individuals who represent the parents, teachers and guardians of the younger generation, as well as the spiritual leaders of the race.

The Great Venetian, Paul, has spoken to the entire Conclave once every twelve hours on the necessity for the development of tolerance and understanding and Brotherhood in all the seven avenues of service. His reminder was potent: "Remember, however, that Tolerance is a virtue which can soon run to seed and become indifference!"

The Master Serapis had a double task because He not only works in the fields of beauty, art and architecture, and the actual designing and inspiring of future Temples, homes and cities, but through His Cosmic designation as the Master of the Year, He must perform the service of uniting the outer consciousness of every lifestream who comes to the Retreat with the essence of the lectures and the particular instruction of each twenty-four hour period so that none go away without a permanent enrichment of consciousness. To this end He has had to draw the Holy Christ Selves of each one who has been given the first grant for the experiment allowed by the Karmic Lords at the January Conclave from the Fourth Sphere to ensure Its presence and cooperation at this time.

The work of Hilarion has been to meet and assist those whose service in the outer world lies in the realms of science, inventive genius, medical perfection and, wherever possible, correlate the findings of science with the Truth of Spiritual Law.

The Master Jesus was Host to the Christian teachers and all those working along devotional religious lines. Here, He was enabled to open the inner consciousness to a greater receptivity

to the Truth through dissolving of the orthodox barriers and superstitions.

Then - the Beloved Saint Germain! In January of 1952, the Holy Christ Selves of the entire human race asked for a dispensation whereby human free will would be set aside and They allowed to cooperate in the Cosmic Push of the hour through the personalities which They had sustained through the centuries. The Lords of Karma, together with a Messenger from the Great Central Sun, made a partial grant to two thousand particularly prepared individuals as an experiment. The result of Their endeavors will be reported on June 30, 1952 at the Royal Teton Conclave.

The Master Saint Germain became Sponsor for each lifestream who volunteered and was accepted; and so it became His great duty, along with His usual Activities in instructing individuals in the drawing, focusing and directing of spiritual energies, to hasten the liberation of the sense consciousness, and to provide a way and means by which the outer mind might be connected with the plans of the Brotherhood.

He has labored, without rest, this entire thirty-day period - twenty-four hours around the clock, receiving those particular individuals, talking and coaxing them toward cooperative action. Perhaps you can understand the Love in My Heart for this Son, not only in His Hope, but in His Service. I said to Him: "Son, let Me, for an hour, stand guard over those who are coming in on Your Ray, and You find relaxation elsewhere." But He did not leave His post, nor has He left it since first He took His Vow.

(Activities at the Great Rocky Mountain Retreat from June 15th to June 21, 1952)

The opening of the Great Rocky Mountain Council Halls fills Us all with anticipation as We wait for the report of the first six months of the year 1952 through the cooperative action of the Holy Christ Selves of the outer personalities of the selected group whom the Great Central Sun Messenger designated as the experimental individuals, the result of whose activities will determine how much greater grant could be made for the remaining six-month period.

These early days have been filled with the preliminary councils and the various Masters bringing in the Petitions and Plans which are to form Their specific activity for the remaining period of 1952.

The Great Central Sun Messenger will again favor the Retreat with His Presence on the 30th of June, and the Karmic Lords will examine the results of the experiment and have presented to Them the actual individuals who, through their outer personalities, have cooperated with the endeavors to spread the Light of Truth across the face of the Earth.

As We can count on some of the powerful Messengers of Saint Germain among this Selected Group, we are very hopeful that a larger dispensation, including a much greater number of souls, will be included in the second Grant.

Only a few of those who have been chosen, and whose Holy Christ Selves have been endeavoring to work through them, have not responded; and We are hoping that, before the 30th of this month, We can count them, too, among Our number of co-operative spirits.

Be it known that in Shamballa are recorded the names of the souls whom the Great Central Sun allowed to form the innermost circle of this Spiritual Endeavor, and those who have not responded will be asked to show cause before the entire Assembly and the Karmic Council, so that all may see in what way we can remedy this condition and so avoid repetition of it in the future.

Excerpts from Instructions given at the Retreat on CAUSES

There are Causes born in Heaven's Realm which are Divine Ideas projected from the Heart of the Sun of the System, or generated through the Heart Consciousness of any Being who has achieved the Christ Estate.

Individual lifestreams who become interested in such a Cause are not, of necessity, its creator. For instance, the CAUSE OF FREEDOM was a God-intent from the Heart of the Great Central Sun itself, and the Master Saint Germain, in contemplating the Godhead in selfless devotion and adoration, perceived that Idea of the Father for the planet Earth and her people. He then made that Cause His own, offering, before the Throne of Heaven, to invest His energies, intelligence, and life-purpose to manifesting its effect for all men, the Nature Kingdom and the planet upon which humanity is presently evolving.

The development of the ways and means of unfolding the Cause of Freedom was left to the initiative of His own God Inspiration, and the interesting of lifestreams in that Cause to a point where they might volunteer to become a part of the motivating power behind its manifestation also became His personal responsibility.

Such Cosmic Causes are always ensouled by a Cherubic or Seraphic Being at Inner Levels, whose voluntary service is to keep alive the momentum gathered by the Sponsor during the time while he is incarnate, effecting the details of the Plan, and during the time, at Inner Levels, while He is using His energies to interest consciousnesses to assist Him. These Cosmic Angels, on occasion, send one of Their Legions to render the same service through a group of incarnate spirits when the service is more than ordinary.

The designing of a Universal Scheme by a pair of God-Intelligences fills the Universal Oval, which forms the periphery of that particular creation, with more potential God-Ideas than there are grains of sand on the sea-shore, or drops of water in the ocean, or stars in the heavens. These are the germs of future greatness, and, from observation, it has been found that the Intelligences belonging to other systems of greatly advanced evolutions have not come anywhere near utilizing or unfolding the potential perfection that is theirs for the asking.

When the Great Master Saint Germain grasped

the desire of the Godhead, to give fullest Freedom to His Creation, so far as the planet Earth is concerned, in the Inner Realms was begun a Fire Temple in which He placed the Initial Impulse of this Flame, and here came the Cherubic and Seraphic Hosts who have remained in constant attendance to that Flame through all succeeding centuries.

In the Inner Spheres, the discarnate realm, as well as the incarnate realm, it became the individual responsibility and obligation of the Master, while yet transmuting His own karma, to foster the Cause of Freedom, and, in any manner that He could effect an interest in such a Cause, forward His Design. Imagine the magnitude of such a task! Of course, in the realm of the Holy Christ Selves where such great freedom and clarity of consciousness are present, it is not difficult to secure the interest and cooperation of life; but in the realm of the discarnates, where so many of His pupils dwelt between embodiments, and in the realm of incarnation where He, too, was bound by karmic limitation, it was a most difficult task. BUT - because He has not the Power of His Personal Magnetism in a human form, He has lost, to a degree, a certain influence on flesh bodies, although gaining in the Inner Realms much Freedom; and it is, therefore, up to the people who yet wear the bodies of form, and who are His friends, to represent that Freedom Cause, and spread it with power and positive assurance.

****

There are tentative plans for the education of the young people who are the hope of the future. This Activity comes under the direction of the Master Kuthumi Who has been interested in this important question for many centuries, and Who, as Pythagoras, established His famous school for young people at Crotona in early Greece.

There are also plans, yet to be worked out, for establishing transmitting centers at strategic points on the Earth's surface whereby instructions, as well as protective radiations, can be sent to all points on the Earth's surface through trained students by the Masters in charge of that part of the Work.
